EDUVAL is an institutional Effectiveness, and performance management software suite, designed to align and report on the key processes of education institutions, in a seamless way. EDUVAL offers comprehensive solutions that can work either as a full suite, or stand-alone, integrating fully, and real-time, with the education institutions key systems, and processes. EDUVAL is designed to provide full insight on critical data for the purpose of decision-making, across important domains such as faculty, students, curriculum, research, continuous improvements, institutional support, accreditation, strategic planning, and performance management. EDUVAL solutions offer more than just software systems. They come with built-in criteria, controls, and processes designed by academic experts to optimize performance, and effectiveness, while saving time, cost, and resources.

CURRICULUM AND CATALOG MANAGEMENT SYSTEM

Benefits:

- Single Repository and Reporting Solution for Institutional Curriculum, and Programs Management.
- Full Insight into Curriculum Integrity, Consistency, and Quality Enhancements at Different Levels, Criteria, and Time.
- Built-In Criteria for New Proposals, and Change Types.
- Effective Change Management, Controls, and History Tracking
- Informed Decision-Making with Comparative Analysis, Visualization, Drill-Down Capabilities, and Dashboards.
- Synchronized Catalog, and Study Plans
- Enhanced Auto-Population of Data, with Minimal User Intervention.
- Digital Transformation of Business Processes that leads to Effectiveness, Efficiency, and Significant Time and Cost Savings.
- Team Collaboration with Workflow, and Approvals.

Objectives:

- Consolidation of Curriculum, and Program Data.
- Quality Control, Compliance and Audits
- Program, and Performance Management
- Accreditation Attainment
- Effective Course Registration and Study Plan Management

Accreditation Standards Alignment:

- Program/Curriculum Standard
- Quality Assurance Standard
- Students Standard
- Institutional Support Standard

Key Users:

- Faculty Members
- Curriculum Committee Members
- Program Coordinator, Department Chairs, Deans
- Institutional Effectiveness Team
- Executive Management
- Externals/Inspectors

- Document Management and Indexing
- Web Portal
- Central Database
- Approvals
- Workflow
- Notifications
- Mobile App version
- Reports, Data Export & Dashboards
- Real Time Integration, and API
- Multi Language Support

ASSESSMENT AND ACCREDITATION MANAGEMENT SYSTEM

Benefits:

- Single Repository and Reporting Solution for Institutional Effectiveness.
- Built-In Criteria for Outcomes/Admin Assessment, Program Review, and Accreditation Reports, with 360.
- Full Insight into Institutional Performance at Different Levels, Criteria, and Time.
- Effective Change Management, Controls, and History Tracking.
- Enhanced Auto-Population of Data, Minimal User Intervention.
- Informed Decision-Making with Comparative Analysis, Visualization, Drill-Down Capabilities, and Dashboards.
- Real-Time Integration with Institutional Systems.
- Digital Transformation of Business Processes that leads to Effectiveness, Efficiency, and Significant Time and Cost Savings.
- Team collaboration with Workflow and Approvals.

Objectives:

- Consolidation of Assessment and Performance Data
- Quality Control, Continuous Quality Enhancements, and Compliance and Audit Management.
- Performance Management
- Accreditation Attainment

Accreditation Standards Alignment:

- Program/Curriculum Standard
- Quality Assurance Standard
- Students Standard
- Institutional Support Standard

Key Users:

- Faculty Members
- Assessment Committee Members
- Program Coordinators, Department Chairs, Deans
- Institutional Effectiveness Team
- Executive Management
- Externals/Inspectors

FACULTY INFORMATION SYSTEM

Benefits:

- Single Repository and Reporting Solution for Faculty Information, Degrees, Credentials, Performance, and Research.
- Built-In Criteria for Teaching, Research, Service, and Other Evaluation Criteria.
- Full Insight into Faculty Performance at Different Levels, Criteria, and Time.
- Data is Organized for Institutional Ranking, and Networking Purposes.
- Professional Development Management.
- Effective Controls, and History Tracking.
- Enhanced Auto-Population of Data, Minimal User Intervention.
- Informed Decision-Making with Comparative Analysis, Visualization, Drill-Down Capabilities, and Dashboards.
- Real-Time Integration with Institutional Systems.
- Digital Transformation of Business Processes that leads to Effectiveness, Efficiency, and Significant Time and Cost Savings.
- Team collaboration with Workflow and Approvals.

Objectives:

- Consolidation of Faculty, and Research Data
- Faculty Performance Evaluation
- Faculty Promotion, and Contract Renewal
- Research and Scholarly Work Management
- Academic Administrators Evaluation
- Accreditation Attainment

Accreditation Standards Alignment:

- Faculty Standard
- Research Standard
- Students Standard
- Program Standard
- Institutional Support Standard

Key Users:

- Faculty Members
- Promotion Committees
- Program Coordinator, Department Chairs, Deans
- Research Office
- Human Resources
- Institutional Effectiveness Team
- Executive Management
- Externals/Inspectors

FACULTY & COURSE CREDENTIALING SYSTEM

Benefits:

- Single Repository and Reporting Solution for Course Teaching Requirements, and Faculty Clearance Applications.
- Built-In Criteria for Course Teaching Requirements, including Terminal Degree, Related Degree, and Non-Terminal Degree.
- Full Insight into Quality of Teaching and Learning at Different Levels, Criteria, and Time.
- Effective Controls, and History Tracking.
- Enhanced Auto-Population of Data, Minimal User Intervention.
- Informed Decision-Making with Comparative Analysis, Visualization, Drill-Down Capabilities, and Dashboards.
- Real-Time Integration with Institutional Systems.
- Digital Transformation of Business Processes that leads to Effectiveness, Efficiency, and Significant Time and Cost Savings.
- Team collaboration with Workflow and Approvals.

Objectives:

- Consolidation of Course Teaching Requirements, Faculty Credentials, and Clearance Applications.
- Capital Asset Management and Planning
- Managing and Monitoring Accreditation Requirements on Faculty-Course Assignment.
- Faculty Scheduling

Accreditation Standards Alignment:

- Faculty Standard
- Program Standard
- Students Standard

Key Users:

- Faculty Members
- Program Coordinator, Department Chairs, Deans
- Institutional Effectiveness Team
- Executive Management
- Externals/Inspectors

STRATEGIC PERFORMANCE MANAGEMENT SYSTEM

Benefits:

- **Single Repository and Reporting Solution for Strategy Planning, Management, Performance Monitoring, Reporting, and Analysis.**
- **Top-Down, Bottom-Up Approach, Cascaded Down to the Level Desired by the Institution.**
- **Full Insight into Real-Time Performance at Different Levels.**
- **Proactive Approach to Identify Gaps Before the End of the Reporting Cycle.**
- **Effective Controls to Monitor Plans with Different Durations, Reporting Cycles, and Goals.**
- **Ability to Link Staff Tasks and Evaluations with Unit/Organizational Goals.**
- **Ability to Align Budget and Strategy Planning.**
- **Enhanced Auto-Population of Data, Minimal User Intervention.**
- **Informed Decision-Making with Comparative Analysis, Visualization, Drill-Down Capabilities, and Dashboards.**
- **Real-Time Integration with Institutional Systems.**
- **Digital Transformation of Business Processes that leads to Effectiveness, Efficiency, and Significant Time and Cost Savings.**
- **Team collaboration with Workflow and Approvals.**

Objectives:

- **Strategic, and Operational Planning, Performance Monitoring, and Management**
- **Performance Indicators Monitoring and Management**
- **Accreditation Attainment**
- **Strategy and Budget Alignment**
- **Employee Evaluation**

Accreditation Standards Alignment:

- **Governance Standard**
- **Strategic Planning Standard**
- **Institutional Support Standard**

Key Users:

- **Strategy Office**
- **Institutional Effectiveness Team**
- **College and Department Designees**
- **Executive Management**
- **Externals/Inspectors**

INTEGRATED SYLLABUS SYSTEM

Benefits:

- Single Repository and Reporting Solution for Institutional Syllabuses, and Course Plans Data, including Learning Outcomes, Assessments, Weekly Outlines, Policies, Textbooks, and Other Pertinent Data.
- Full Insight into Syllabus Status, Integrity, Consistency, and Changes at Different Levels, Criteria, and Time.
- Fully, and Automatically Synchronized with Curriculum Changes, Updates, and Term Schedule.
- Effective Controls, and History Tracking.
- Level of Control is Managed by College/Course Coordinator.
- Informed Decision-Making with Comparative Analysis, Visualization, Drill-Down Capabilities, and Dashboards.
- Synchronized Catalog, and Study Plans
- Enhanced Auto-Population of Data, with Minimal User Intervention.
- Digital Transformation of Business Processes that leads to Effectiveness, Efficiency, and Significant Time and Cost Savings.
- Team Collaboration with Workflow, and Approvals.

Objectives:

- Consolidation of Syllabuses Data, and Changes.
- Quality Control, Compliance and Audits
- Integrity of Curriculum, and Teaching and Learning Process
- Accreditation Attainment
- Consistency of Students' Learning Experience

Accreditation Standards Alignment:

- Program/Curriculum Standard
- Quality Assurance Standard
- Students Standard
