

Introducing Moodlerooms

**Supporting More Than 1400 Customers
and 4 Million Users Worldwide**

“

Moodlerooms has enabled us to focus on creating this new experience and transforming how we deliver curriculums, thanks to a cloud-based platform that is constantly updated and tailored to the needs of learners and teachers.”

Alex Chapman

Head of Technology
Enhanced Learning

Middlesex University, UK

A Better Moodle Experience For Everyone

Moodlerooms is an online learning platform based on Moodle with cloud hosting, enhanced Moodle features and professional support mechanisms - we make it easy for students and academics to engage with each other anytime, anywhere.

As a certified Moodle partner, our proven, reliable Moodle platform will save the time, effort, and money that would have been required to support Moodle on your own. Net result: You get a reliable and scalable cloud-based platform based on a strong, open source foundation.

Why choose Moodlerooms?

Limit Infrastructure Investments

Moodlerooms supports you on the largest Moodle cloud in the world, eliminating the need to purchase and maintain costly dedicated hardware. We provide the most reliable (99.9% uptime), secure and scalable platform - removing all the worries about hardware, bandwidth, backups, maintenance, upgrades or other IT headaches.

Reduce Time And Effort with Easy to Use Administration Tools

With an enhanced dynamic user interface and administrative tools, it's easier than ever for you to configure and manage your own e-learning programmes with minimal onsite technical administration.

Flexibility To Take Moodle To The Next Level

Moodlerooms provides you with the opportunity to flexibly shape your courses with only the features and functionality you desire allowing easy customisation of your content and courses.

Tap Into Our Proven Education Expertise And Technologies

As a global leader in education, there is no other organisation in the world that wakes up thinking about technology and how it's used in teaching and learning as much as we do. With 120 dedicated staff, serving more than 1,400 customers and 4 million active users, we are committed to helping you get the most out of your Moodle experience.

Value

Moodlerooms is a value-based solution where all the resources invested, go directly towards the success of the learning management platform instead of costly licensing fees.

Blackboard Master Distributor for the Middle East

Deliver better Moodle experiences with a range of valuable functional enhancements:

Moodlerooms enhances Moodle by enabling you to:

- Create attractive, intuitive interfaces that reflect institutional and departmental brands
- Create better courses, faster
- Add engagement, interaction and feedback to learner activities that run automatically
- Save time, improve accuracy and provide timely feedback
- Use data to support decision-making

...plus Moodlerooms provides: Professional services including;

E-Learning Administrators, consultancy, implementation, custom programming and support to help you successfully personalise your courses and deliver dynamic content.

Moodlerooms at a Glance: Highlight Features and Services

Personalised Learning Designer - Every student learns in their own unique way. You can set up specific learning paths so that students have different online experiences based on their interactions with content or performance within assignments and activities.

Moodlerooms Grader - Maximises on-screen space, giving you access to assignments, checklists and rubrics, and communication tools simultaneously.

Express Designer - Create modern, branded user interfaces that fit in with your branding. Express designs can be adjusted without technical expertise, and you can delegate control so that departments or individual courses can have variations on the main theme.

Advanced Forums - Moodlerooms makes Moodle forums more usable, and turns them into a real teaching and learning tool. You can subscribe and receive email postings related to single topics rather than an entire forum, and mark learner contributions to forums.

Advanced Reports - Moodlerooms unlocks all the hidden data within Moodle and makes it available to lecturers and managers. Reports can be tailored and include: course, comparison, correlation and exception reports.

X-Ray Analytics - Provides deep insight into learner behaviours and academic outcomes to drive student achievement, progression and retention.

Support - We provide support via our client engagement team, customer support portal, extensive community, webinars, events, and user groups.
